EMI SIG

2019 ANNUAL MEETING

NEW DATES!!

ALL HAZARDS · ALL FACILITIES · ALL RESPONDERS

Back by Popular Demand!
Site Benchmarking eXchange (SBX)

Last year's benchmarking sessions were so popular that we've decided to replace TEC$_X$ with SBX!

SBX booths will be available throughout the Annual Meeting to provide opportunities for attendees to explore how these benchmarks can enhance their site's programs.

During Tuesday's breakout sessions, each selected exhibitor will have ten-minutes to demonstrate benchmark videos, mobile applications, software programs, equipment, company-directives, emergency procedures, manuals, site-specific guides, handouts, etc. on Emergency Management program elements across the Enterprise.

The Steering Committee is seeking exhibits that support this year's objective to "*Bring professionals together for all-hazards response planning with a focus on life safety, protection of assets, and recovery of facilities and operations in support of the DOE/NNSA mission*".

Exhibits that focus on the following program elements are highly encourage:

➢ Emergency Operations Systems
➢ Criteria Review and Approach Documents (CRAD)
➢ Readiness Assurance and Assessments

Deadline

Click on this **SBX Exhibit Request** link to open and submit your online request by **June 14, 2019.**

Restrictions

Resources exhibited must be no higher than Official Use Only (OUO). Sites must check with their local Security Office for policies related to sharing OUO with others.
