

# CPSC

## CONTINUITY PROGRAMS SUBCOMMITTEE

*Leveraging the experiences, expertise and insight of members to promote continuity readiness within the DOE/NNSA.*

### What We Do

- Gather feedback from continuity partners and stakeholders on their successes, challenges, and lessons learned in implementing the tenets of DOE 150.1B.
- Incorporate improvements to the COOP CRAD by developing performance-based LOIs based on Federal Continuity Directives
- Collaborate with other EMI SIG Subcommittees to advance a holistic approach to integration of Continuity of Operations with Emergency Management

### Leadership

**Ryan Lehnert (KCNSC)**

*Chair*

**Sam White (SNL)**

*Vice Chair*

**Bobby Jenkins (Y-12)**

*Steering Committee Advisor*

**Briana Stephan (NA-43)**

*DOE Advisor*

**[40]  
Members**

### 2024-25 Accomplishments

- Annual Benchmarking at LANL and identification of 2025 host site (KCNSC)
- Utilize CPSC meetings to build relationships and collaborate with continuity partners to identify key topics of interest for future engagements.
- Task group approved to document and validate feedback and incorporate it into future updates to DOE 150.1B
- Incorporate improvements to the COOP CRAD by developing performance-based LOIs based on FCD-2

### 2025-26 Objectives

- Expand reach of the CPSC and gain more support from DOE elements beyond the NNSA (including EFCOG and JOWOG)
- Solicit input and act on CPSC discussion board questions from continuity partners and stakeholders
- Use CPSC meetings, to gather feedback from continuity partners and stakeholders on their successes, challenges, and lessons learned in implementing the tenets of DOE 150.1B.
- Eagle Horizon Inject Task Group
- Revising the Continuity Guide
