

EPISC

EMERGENCY
PUBLIC INFORMATION
SUBCOMMITTEE

OUR MISSION

Promoting DOE/NNSA emergency public information resources and best practices with dedicated expertise and collaboration throughout the Enterprise

77
Members

WHAT WE DO

- Share ideas and approaches among members to allow for greater problem solving, efficiency and consistency (i.e., Benchmarking)
- Facilitate EPI standardization across sites to allow for streamlined Public Affairs support from other DOE/NNSA sites in an emergency response
- Bridge the gap between Public Affairs and Emergency Management to promote the critical importance of EPI in planning for and responding to a real-world emergency

Areas of Focus
