

First Responders Subcommittee (FRSC)

To empower and support first responders by fostering collaboration, sharing knowledge, and advocating for essential resources, training, and tools. We are committed to promoting best practices, enhancing resilience, and advancing professional standards to enable first responders to protect and serve with courage, integrity, and innovation.

What We Do

Create a safer, more resilient society by uniting first responders in excellence and innovation. We envision first responders being fully equipped, trained, and supported to provide the highest level of service and protection for all.
